About Cottonwood

In 1988 Cottonwood Canyon Vineyard & Winery became the first of its kind not only in Santa Barbara County but also the entire state of California. There is beautiful and bountiful history within our beloved winery.

Since the purchase of Cottonwood Canyon Vineyard & Winery by Norman and Sharon Beko, there have been many changes in the wine industry which has allowed us to venture outside of "just wine".

Welcome to your new destination for all special event needs.

We are re-presenting Cottonwood Canyon Winery to a beautiful event center that meets your wine serving needs and expectations. We not only offer our various beautiful venue locations, but will now be an all-inclusive venue. This means that when you book with us, we offer our services to not only provide the venue; but assist in planning and getting all details finalized as well as executed. Freeing you to be fully present in your exciting day!
